THE FULLHART NURSERY

Muncie, Indiana

True-to-Name Trees and Plants

The Fullhart Nursery has been growing first class trees, plants, flowering shrubs, vines and all the leading varieties of general nursery stock since the year of 1850.

We take great pleasure in giving satisfaction to our customers, giving as good trees and plants as can be produced, and at as low a price as we can afford to raise good, choice stock.

It has always been our policy to put quality of our stock far ahead of quantity.

We guarantee satisfaction with every tree, plant and vine that leaves our nursery.

OUR GUARANTEE

Stock is guaranteed true to name, free from disease, and up to grade and quality.

The successful growth of a tree or plant is dependent upon many conditions over which the nurseryman has no control, viz: the planting, the cultivating and maintenance; the weather, the fertility of the soil, the rainfall, etc. We endeavor to exercise every care that will cause our stock to transplant successfully, and that it leaves our nursery in good healthy condition, but we cannot guarantee tree or plant to live.

TERMS

Our terms are cash with order, except to persons who satisfy us as to their financial responsibility.

Prices in this list are for stock at our nursery, packing for shipping, free.

We give the greatest of attention in labeling stock, but if any stock proves untrue to name or label, we will refund purchase price or replace stock upon proof of error.

Customers are welcome at all times to come and make a selection of stock at nursery. We don't dig or sell trees or plants on Sundays.

(Prices same as Currant bushes.)

Downing (light green) Houghton (pale red)

BLACK "CAP" RASPBERRY PLANTS

We have succeeded in growing the finest lot of Black Cap Raspberry plants for this season's trade.

All our plants are good, heavy rooted, thrifty and sure to please. Every home should have a supply of this staple fruit in their garden. Plants once set out and with ordinary care, will last for many years.

The demand for this fruit has for years past exceeded the supply; they have led in the profit per acre, considering the labor and expense of maintaining, of all the small fruits. From 100 to 200 plants makes a good, bountiful family supply. We advise planting for horse cultivating, plants 1½ to 2 feet apart in row, and rows 5½ to 6½ feet apart.

Dozen, 75c. Per 25, \$1.40. Per 50, \$2.50.

Per 100, \$4.50. Per 1000, \$37.50.

Varieties—Gregg (late). Kansas (mid-season). Cumberland (late). Plum Farmer (mid-season).

If you do not see listed here the kind of shade or ornamental trees wanted, write us; we can furnish any kind of trees in any number.

ORNAMENTAL PLANTING

We consider it just as important to plant trees, shrubs and vines around the home as to plant fruits. Plant these beautifiers around your estate and make it a home of beauty. The cost is small, considering the beautiful effects which will be gained. Money spent for ornamentals is not an expense, for they enhance real estate values which makes their purchase a safe and sure investment. Vines, etc., for landscape work, of any quantity desired.

DECIDUOUS SHRUBS

We give a list of some of the ornamental shrubs we grow. They range in size from 1½ feet up, mostly two years or more old. The prices range from 50c and up.

Send us the list and kind wanted; we will immediately make our quotation of sizes and prices. A reduction by the dozen or hundred. We can furnish any amount for landscape work.
